## Thoroughbred Deleted Race Policy

### 1. OBJECTIVE

- 1.1 The objective of this policy is to clearly define the criteria for determining whether or not a thoroughbred race can be deleted from a programme.

### 2. POLICY

#### 2.1 Insufficient Nominations

A race will be deleted if there are four or less nominations at the prescribed nomination closing time, unless otherwise approved by Tasracing's Chief Racing Officer.

Tasracing will endeavour to contact the trainers of those nominated for the deleted race, on their registered telephone numbers, and the trainer will be permitted to enter the horse in another race on that programme, however, such entries will be deemed to be "extended nominations" and will rank below original nominations in the race ballot order.

Notice of the race deletion will be posted on the Tasracing website: [www.tasracing.com.au](http://www.tasracing.com.au).

#### 2.2) Insufficient Acceptances

A race will be deleted if there are four or less acceptances at the prescribed acceptance closing time, unless otherwise approved by Tasracing's Chief Racing Officer.

Tasracing will endeavour to immediately contact those trainers who have accepted for the race, on their registered telephone numbers. If their horse had been nominated for any other races on the programme then the acceptance closing process will be delayed for a maximum of thirty minutes to allow the trainer to accept in another race.

Notice of the race deletion will be posted on the Tasracing website: [www.tasracing.com.au](http://www.tasracing.com.au).
